

Hi Everyone,

The members of Hardly Aged & Co. would like to take this opportunity to thank everyone that participated at our Halloween Party Fundraiser. The proceeds of this event will be presented to the ALS Neuromuscular Clinic at Sunnybrook Health Sciences Centre and will be used to directly fund research programs to better the lives of those afflicted by this dreadful disease.

We hope you enjoyed our music as well as the debut appearances of "The Heavenz" and "Erica Malatesta ". We also wish to acknowledge special guest appearances by Paul Soncin, Marilyn Jenkins, Rob Richard and past member of our HA family, Pat Viele.

A special thanks to Marisa Viele for all her hard work and dedication in coordinating the decoration and creating the beautiful ambiance for the evening.

We all had a great time performing for our friends, family members and supporters. Please visit our web site (www.hardlyaged.com/) to view pictures of the event and support the companies that have sponsored our fundraisers.

Thanks again for your support and God bless!

Hardly Aged and Co.
